**President Mahinda Rajapaksa commissions the Norochcholai Coal Power Plant**

President Mahinda Rajapaksa said on Monday 11th January, 2010 that he had commissioned the Norochcholai Coal Power Plant to stimulate the economy. He remarked that the plant was opened after 4 years of construction and was the need of the hour for the country's economic development. The new power plant would help to reduce the country's dependence on imports of coal and would also help to reduce the country's debt burden.

President Mahinda Rajapaksa also stated that the plant was opened after a series of delays and that the government had faced many challenges in completing the project. He thanked all those who had contributed to the project and said that the plant would be a boon to the country's economy.

President Mahinda Rajapaksa also thanked the people of Sri Lanka for their support and dedication. He said that the plant would help to create jobs and stimulate the economy. The president also thanked the workers of the plant for their hard work and dedication.
